FRANKLINTON CONVENTION.

The delegates to this Convention are requested to meet together on FRIDAY THE 11TH DAY OF Nov. next, at 12 o'clock M., at Franklinton, in order to nominate a candidate of the Conservative party for the House of Representatives of the United States, in the place of the Hon. Robert B. Gilliam, deceased. A full attendance is anxiously desired.

WM. EATON,
October 24, 1870. President.

WHO ARE OPPOSED TO THE GOVERNMENT?

The *Standard* asks the question, "Shall the Constitution and government of the United States be subverted or shall it be maintained?" and then it says:

It is perfectly apparent from all the surroundings, that there is a deep laid scheme to destroy the State governments, and also, if possible, to destroy the government of the United States. Why? because the State and Federal governments are not controlled by the chivalry and secessionists—The proof of this is before us, and still stronger proofs are coming in every day.

We challenge any and all proof, clear or muddy, that the Democratic Conservative party desire to subvert the government or Constitution of the United States or to destroy the State governments. If we did not know it was not purblind, if it did not deny yes to all truth, it would be ashamed to make such a charge. It can be easily and all the easier to establish, than the proposition that the only party now in this country whose object is to subvert and totally change the *character* of the National and State governments, is the Radical or Republican party. This is palpable, from the entire political action of that party, since 1864.

We do not mean that the advocacy by that party of the doctrine of the unity of the races and the equal rights of all citizens to the same privileges, essentially and necessarily works a change in the organic character of the government, though it is clearly a violent departure from the designs and purposes of the fathers of the government in its organization, but we allude to the evident designs of the Radical party to centralize all power in the National government to the utter subversion of all the original powers of the State governments and their entire subserviency to the purposes and control of such a National government and the destruction of the State governments. Does the *Standard* deny this charge? It cannot do it and adhere to truth. This purpose is now openly avowed by the controlling spirits of the Radical party, and if it were not avowed, the purposes of the Radical party in this regard, are made palpable, by its measures and acts. All the legislation of the Radical party since 1864 bearing either directly or indirectly upon the exercise of powers by the general government look directly to this object.

The taunts of the *Standard* at the "chivalry and the secessionists" are mere balderdash. No such party now exists, whatever may be the convictions and opinions of individuals who formerly advocated secession. The Democratic Conservative party is the only true constitutional party and friend of the National and State governments as the Constitution of the United States as it is, requires, in the country. The Radical party contains all the elements of real hostility to the Federal and State governments as organized by the fathers.

THE HOMESTEAD.

The attempt to alarm and render uneasy the advocates of the homestead provision of the present Constitution, by Radical misrepresentation will utterly fail. In all that has been written or said by the Democratic Conservative press or people, on the subject of amending the present Constitution of the State, not a word has been said in favor of changing the Homestead provision of the Constitution. So far from it, every one has expressed the opinion that it *ought not to be changed*. Nor has it been intimated that the old Constitution will be reproduced. We presume that the General Assembly will make the proposition to the people to elect a Convention to *amend* the Constitution, prohibiting any interference with the homestead provision or with those portions of it which secure equal, civil and political rights to all the citizens of the State, without regard to race or color or previous condition. This is what we propose. Such a proposition ought to secure the support of every citizen who desires the prosperity of the State and of every portion and class of her people. We have shown conclusively that under the present Constitution, if it be carried out in good faith, our people and State, cannot recuperate and prosper. Our experience for the last two years, furnishes indubitable evidence of this.

GEN. ABBOTT.

It is gratifying that Gen. Jos. C. Abbott has no further Senatorial aspirations. It matters not what reason influences his action, we are glad of it, and we would be pleased to hear he had abandoned all disposition to control in North Carolina politics. Our reason for this is, that we think Gen. Abbott is capable of making himself far more useful to the State, than by any thing he can do in the field of politics. We would have him to cease to aspire after the *sobriquet* of "carpet-bagger," and to put his enterprise and business faculties to work upon more useful and beneficial employments, becoming a good, useful citizen.

These thoughts are suggested by the following notice taken of Gen. Abbott's business operations in Bladen county, by the editor of the Charlotte *Democrat*, while on a late trip to Wilmington. Gen. Abbott and all other immigrants to this State, would find every citizen's hands outstretched to welcome and encourage them, if they would confine their operations to matters of business and industrial enterprise and let politics, as a trade, alone. The *Democrat* says:

In Wilmington we saw Gen. Abbott, the U. S. Senator from North Carolina. He lives in Bladen county, on the line of the Wilmington, Charlotte & Rutherford Railroad, where he has a large force employed in manufacturing various articles from the forest pine and juniper and cedar, which grow in great abundance in that section.—At his manufactory he prepares a house for erection in Wilmington or at any other point on the line of Road. The frame, doors, sash, blinds and everything is made ready and transported to any point desired, where carpenters can quickly put the different pieces together. We saw the two houses in Wilmington which were built at Gen. Abbott's establishment. We speak a good word for such Yankee enterprise, and hope Gen. Abbott will receive patronage enough to enable him to extend his works.

CHIEF JUSTICE PEARSON.

The last *Old North State* contains an apologetic defence of Chief Justice Pearson's course, by one of his admirers, who signs himself "Fair Play." The defence will not bear fair and honest criticism. We only ask that "fair play" and justice shall be awarded the Judge. We ask nothing more, and he will go by the board. Personal rights and civil liberty are not worth a stiver in the hands of a tyrannical and bitter partizan Governor, if the course pursued by Chief Justice Pearson and his two associates Settle and Dick, is to be justified and become the precedent for future action. We ask or nothing to be done from malice or for party ends, but that the General Assembly send protect the persons, the property and the liberties of our citizens against the violent abuse of power by the Executive or any one else, and that it shall defend and maintain inviolate the privileges of *habeas corpus* to every citizen of the State, except when suspended by the rightful authority of the nation. That is what we demand in the name of the State and of that people. If a violent Executive, reckless of law, is permitted to over ride all law, statutory and organic, by the impunity, or the dis honesty, or the corruption, or the cowardice of the Judiciary, what is civil liberty worth?

This State was lost to the Republicans by the doings of the Ku Klux. No honest man will deny it.—*Standard*.

We do not care whether the *Standard* considers us an honest man or not, but we deny emphatically the above charge—Nine tenths of the intelligent Republicans of the State we think, will deny it. The State was lost to the Radicals, in the late election, by the corrupt and unwise legislation of the late Radical General Assembly, by the stealings and robberies of the Public Treasury by the Radicals, and by the unconstitutional and illegal conduct of Gov. Holden in raising State Troops and making war upon the peaceable people of the State. As to the "doings of the Ku Klux," they were not approved by the Democratic Conservative party, and so far as those "doings" had any direct influence upon the election, they lost votes to the Democratic Conservative party. This is a plain statement of facts, which will be endorsed by respectable people of both parties.

The Newbern *Times* is on the war path. It urges "in peace prepare for war" and insists upon the organization of the militia. Perhaps it is well. The *Times'* party can live only upon war, either real or imaginary. In imagination it has been fighting a Ku Klux war, and in reality it has been waging a war upon the Constitution and upon the States, ever since Grant closed up the rebellion, and is not tired yet. Its party wants a strong government, a splendid government, an Empire though a Republic in name, with all power concentrated at Washington, making the States simple municipalities, without any original powers. Such an attempt might well provoke resistance from all the friends of civil liberty, but the people have become familiar with the pressure of the iron heel of power wielded by the Radical party and the money power of this country, and we fear will tamely submit.

That this organization exists in every State throughout the Union, there is no doubt. Whether it has been entirely broken up in this State, is a question to be decided hereafter.—*Standard*.

Whether this organization exists now in this State or any other, or was gotten up by the "Knights of the Golden Circle" as the *Standard* affirms, we know not and have no means of knowing. We never had anything to do with either, nor with Union Leagues or other secret political organizations, and never shall. The *Standard* has had wicked connection with them, and knows or seems to know much about them. We think much of its knowledge is imaginary and much of it is invented. We shall urge upon the next General Assembly to pass a law making it punishable as a misdemeanor for any citizen to organize, support or become a member of any secret political organization or any secret organization which has political designs. The *Standard* will show whether or not it is sincere in its denunciations of Ku Klux, by opposing or advocating such a bill.

The Alaska *Times*, which has been removed from Sitka to Seattle in Washington Territory, does not speak very favorably of the manner in which matters are managed in our new North Western purchase. It says, "we have seen women and girls knocked down in the streets by an army officer and a United States Postal Agent; we have seen these two officers the same day knock down poor inoffensive Russians, and the army officer hand the Postal Agent a pistol to kill an American. We have known army officers to force their way into private Russian houses and attempt to take liberties with the women inmates, that in any other country but Alaska would cost them their lives."

An extraordinary instance of the skill, power, and perseverance of the common spider is furnished in authentic shape from Knoxville, Tennessee, and it is not alone worthy of record for its curiosity in natural history, but may take its place in juvenile literature as an example with divers kindred specimens for the incitement of youthful ambition to patient perseverance in the achievement of magnificent aims. At Mossy Creek, near Knoxville, a Mr. Johnson, in seeking some article in an unfrequented part of his store, came upon a snake apparently standing bolt upright, yet curiously enough not touching the floor. Upon examining, he found to his amazement that the nest of the reptile was completely encircled by the web of a spider, and that these delicate strands alone held the snake in subjection. He did not disturb the curious group, but sent for a photographer, and when the situation had been transferred by means of a camera, he removed the suspended reptile, and found it quite vigorous. The vanquisher of the snake (the latter a common black racer about a foot long) was a simple spider, about the size of a common house-fly, and in no way differing from ordinary insects of the class.

CORRECTION.—In the list of Radical delegates to the Radical District Convention to nominate a candidate for Congress, appointed by the Raleigh township meeting, we observed several names which we felt sure, were not authorized and will not be approved by the parties. Mr. Henry Fendt called upon us on yesterday and requested us to say, that "the mention of his name as a delegate was wholly unauthorized and disapproved by him." He requests us to say, that he "is no politician, but when an election comes on he exercises the rights of a citizen and votes for whom he pleases."

HANGING OF STINSON.—In pursuance of the sentence of the law, William Stinson, colored, was hung in the jail yard here to-day.

We visited the cell of Stinson some days since, when he made a full confession of having committed the crime for which he was condemned.

He stated that he was raised the slave of Larkin Stinson, of Guilford county; that he left his former master soon after Johnston's surrender, and since had lived and worked in Wilmington, in Randolph county, and in Guilford county, and had been frequently to Raleigh, but had never worked here.

He left Raleigh on the fourth Sunday in May last and went to Edgecombe county, where he worked a while with Joseph Jenkins and afterward hired to John Battle.—Not liking Edgecombe, he left for Raleigh in the latter part of June.

He said the facts testified to by the witnesses on his trial were true in all essential points, but declares that he had no thought of committing the crime for which he is to suffer until a moment before it was done; that his object at first was to frighten the ladies and make them leave the house, so that he might get something to eat; that on the colored boy's telling him that there was a gun and some money in the house he determined to get them also.

We do not think that any good purpose would be subserved by entering into a minute detail of his confession. He has committed a most outrageous crime against society and its laws, and has suffered the penalty attached by those laws to his crime.

When we saw him in his cell, he said he had tried to repent of his sins and believe on the Savior. That sometimes he felt that he was prepared for his awful fate; at other times he felt doubts. He was at first visited by Rev. Robert Lucas, colored, of the A. M. E. Church, but since then he has been visited by Father McNamara, of the Catholic Church and received the rites of that communion.

On being brought from his cell to the scaffold, he walked with a firm step and without any apparent trepidation. On being asked if he had anything to say, he made a short address to those within the enclosure, confessing his crime and declaring his belief that he was prepared to die. He bade farewell to the officers of the jail, whom he thanked for their kindness to him, and to all others present, warning all to prepare to meet him in heaven.

His last words were, in answer to the question, if the rope was too tight, "no, it is not tight enough; tie it good and don't let me suffer." The drop fell and in thirteen minutes pulsation ceased. There was only one contraction of the body, and he seemed to die as painlessly as is usual in such cases—easier than in many.

Everything in regard to the affair was conducted properly and decorously; the officers performing their sad duty with feeling and kindness. At the end of thirty-three minutes the body was taken down, put in the coffin and taken out for burial.

The Trustees of Wesleyan Academy on the premises of the M. E. Church, South, in this city, have elected Rev. Sidney R. Traywick of this county, principal for the ensuing year, in the place of Rev. Mr. Gibbons, resigned. The school under Mr. Traywick's charge, will open early in January next.

Benjamin Bynum, of Stokes county, had his pocket picked of $175, at the Danville Fair, last week.

Accidents will occur even in the best regulated families, and "*Spalding's Glue*," should be kept handy.

NEVERMORE.—Can the coarse, gritty tooth powders and tooth destroying chemical fluids find a place on the toilets of sensible people. The fragrant and preservative *Sozodont* has superceded them all. lost at least three hundred chickens before he found out the above remedy, but now seldom loses one from disease.

WITHOUT DOUBT OR SEDIMENT.—Prall's Vitalia, or SALVATION FOR THE HAIR, has no bad smell, and does not stain the skin. It has no ingredient that subsides in the form of filthy sediment. Consequently, it is not shrouded in darkened bottles. The natural color of the hair, however completely it may have faded out, is invariably reproduced by the Vitalia. Sold by all druggists.

THE DAVENPORT BROTHERS.—We went last night to witness these wonderful magicians, necromancers, slight-of-hand performers, or whatever they may be called, and we must confess that, with every opportunity that one could possibly have to ascertain the means by which they produce their most wonderful feats, we had our philosophy completely non-plussed.

We were selected, with Mr. Simon Hayes, to constitute the committee to see that what was purported to be done was actually done as represented, and though we solemnly declare that everything occurred just as was represented at the time, we could obtain no clue, and can form no conjecture as to how the feats were performed; we have no theory as to the agency employed.

We cannot give a minute description of the exhibition, but will state a few of the *tricks*, if we may so term them, that struck the large audience present with utter amazement.

The cabinet used on the occasion is nothing but a plain plank box, about the size of an ordinary wardrobe, placed on three simple benches, similar to those carpenters use to saw timber on. It is made of three quarter plank and has triple doors in front, with no division inside, and having a thin plank seat at the back and each end. On the seats at the ends the two brothers are seated and securely tied hands and feet, being some four or five feet apart. While in this condition, the doors being closed, two guitars, one violin and two tambourins are played, and three bells of different tones rung. On suddenly opening the doors of the cabinet, the brothers are found tied just as they were when the doors were closed.

In one of the scenes we were shut up in the cabinet with them, with a hand extended resting on each, when all the instruments played as we requested them to do, and at our request a hand was placed on our head, and moved over our face; in the mean time we could not perceive the least motion of body of either of the brothers on whom our hands rested. When we asked the guitar to play, it commenced at once; when we asked it to rise, it immediately ascended to the top of the cabinet, and then descended, resting first on our head and then on our shoulder. The same was done by the other instruments when we ordered them.

But we have not time to give further description of the performance; to be realized it must be witnessed. The dark *seance* embraced some as wonderful feats as those mentioned above, if not more so. It is the most amazing, incomprehensible and interesting performance that has ever been witnessed in this section of the world, and we advise all who can do so, to go to-night and see it for themselves. It is the last night of the Brothers in the city. We further advise those who want good seats to secure them early, for we have no doubt the Hall will be crowded.

FIREMEN'S PARADE.—Yesterday afternoon the Victor (colored) Fire Company, No. 1, turned out on prade, and marched through several of the principal streets of the city, preceded by the Raleigh Brass Band. The Company, upwards of forty in number, were rigged out in their new uniform—black pants, red shirts trimmed with blue, black belts and blue caps trimmed to suit the other parts of the dress, presenting a very neat and imposing appearance. This is a very well disciplined and efficient Company, and the members take a commendable pride in keeping up their organization.

QUARTERLY MEETING.—The fourth Quarterly meeting of the Raleigh Station of the M. E. Church, South, will be held to day and to-morrow. Services at the Church to-day at 11 A. M., and the regular services and communion to-morrow.

SUNDAY SCHOOL MEETING.—There will be a meeting of the officers, teachers, and children of the Sunday School connected with the M. E. Church of this City, on Sabbath next at 3 o'clock, P. M., to which the other Sunday Schools will be invited. Singing by the scholars, and addresses by a number of gentlemen will constitute the exercises.

GOOD CHEWING TOBACCO.—Pink C. Hardie, at the sign of the beautifully developed Indian girl, on Fayetteville street, has received a few additional boxes of chewing tobacco, a little superior to the last. If we may be considered a judge of the weed, it is the best he has had for sometime, which is evidence enough of its being very good.

CABBAGE HEAD.—S. D. Harrison, Grocer, has sent us, from his new store on Martin street, a cabbage head as big as a small wash tub. He intimates that he has quite a large quantity of the same for sale.

BERGEN AT THE CIRCUS.—We are informed that Bergen was allowed to go to Thayer's Circus on Thursday night, attended by a deputy of the Sheriff. It is not improbable that Kirk was permitted to go, though we have not heard. Perhaps these scape graces do need a little relaxation, but is it lawful for an officer of the law to assume such responsibility? Is it not a palpable breach of official duty for a Sheriff to do this? Sheriff Lee is absent and of course could not be consulted upon the subject, but we must think it a gross dereliction of duty to allow a prisoner to leave the prison under any circumstances, without the permission of the Court under whose command he was committed.

There are only three persons in Forsyth county jail awaiting trial at the fall term of the Superior Court, which opens next Monday.

Friday Evening Dispatches.

CALIFORNIA.

SAN FRANCISCO, Nov. 4.—The report reaches here that Placido Vega was assassinated at Tepic.

FLORIDA.

LAKE CITY, Nov. 4.—The steamship "Varuna" from New York for Galveston, foundered. The second mate and four men only were saved. Thirty six Cuban passengers were aboard; mostly Texans.

FOREIGN.

TOURS, Nov. 4.—Paris advices up to the 2nd inst., state that complete tranquility reigns.—Bodies of National Guard appearing on the streets without orders, are disarmed and disbanded.

Alphonse Gent writes from Marseilles that upon his refusal to act with Esquirers or resign, a pistol shot wounded him in the abdomen though not seriously. He will be about in a few days, but will be unable to perform official duties until he recovers.

The *Journal Officiel*, publishes Paris advices up to the 1st instant. The Paris government has decided to accept the armistice. Flourens raised a riot. The Hotel de Ville was invaded. A committee of public safety was proclaimed.—The members of the Provisional Government were detained several hours. A battalion of National Guards released Trochu Ampo and Ferry from the rioters about eight o'clock. The riot was finally suppressed at 3 o'clock in the morning.

The following are the exact words of Garibaldi's order of the day in alluding to Americans: "President Grant might by lifting his finger send Prim's soldiers in Cuba back to Madrid, but he allows the murder of the entire population of cubs, who are a part of Washington's great family. He barely permits the great republic to fling a word of sympathy to the brave descendants of LaFayette, but Prim has risen as one man and will soon make the old aristocrat repent his having sought the bunnery."

French iron clads are cruising off Dora and the Tigus.

Intimation of the conclusion of an armistice has just been received by Rothschilds. Great joy is manifested and hopes entertained that ultimate peace will result.

The Constituent Assembly meets on the 15th. Trochu issued a proclamation showing the advantages of the armistice. On the 1st of November Paris was entirely tranquil.

BERLIN, Nov. 4.—The official report of the capture of Dresden states that a great portion of the town has been burned.

There were 21 generals and 81 superior officers with Napoleon at Wolhelmshohe on Wednesday.

LONDON, Nov. 4.—An armistice has been concluded for twenty-five days.

The National Guards and Garden Mobile at Rheinsen refuse to fight under Garr baldi.

Late Paris advices represent the riots as formidable.

The riot was by the adversaries of armistice, lead by Ledru Rollins, Gustave Flottes and other well known names.

Paris will vote on Thursday if the powers of the Government of Defence are maintained during the disturbances.

Trochu was threatened by the mob. Muskets and bayonets were pointed at him.

WASHINGTON.

WASHINGTON, Nov. 4.—There was a full Cabinet to-day except Delano.

The commanding officer at New Orleans is ordered to employ troops if necessary, to enforce the Federal election laws.

Three important cases are set for early hearing at the December term of the Supreme Court. One first involves the constitutionality of the election bill law, and will be argued by Judge Curtis and Mr Evarts against the government. The second concerns the constitutionality of the confiscation acts. This will be conducted by Messrs Curtis and Cushing against the United States. The third comes from Kentucky and involves the Civil Rights Bill. This special case being a white man tried in the United States Court for the murder of a negro. Judge Black appears against the government, and will attempt to show it unconstitutional to try in the United States Court, a citizen of a State for murder, when the State Courts are open.

FOREIGN.

PERRE, Nov. 4.—The Nationals and Mobiles were routed on Tuesday near Thann. The Prussian troops are concentrated on the border to preserve neutrality.

FLORENCE, Nov. 4.—The election for the new Parliament occur on the 20th inst.

LONDON, Nov. 4.—Two army corps relieved at Metz are besieging Thionville. The bombardment is progressing vigorously. Kammer's 30,000 and wehr are still at Sarbruck.

A writer in the *Times* says the seizure of Alsace and Lorraine will propagate international hatred, prevent all idea of war, and implores Prussia for the sake of the world's peace to desist.

MADRID, Nov. 4.—Prim had a long conference with the members of the majority in the Cortes regarding Asota. After an interchange of views, Prim said he would present the name of Montpensier to the consideration of the Cortes as the future ruler of Spain. General Correcca supported Espartero in a long speech. Correcca could not understand the necessity of going abroad for a ruler when good material was at home. Senor Agueta affirmed boldly that he would not support a foreign candidate. Divers opinions were expressed by members present at the consultation, but no conclusion was reached.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4,000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $4,500,000 and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The society deals Equitably with its policy-holders.
13. The Equitable has made more progress since the organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $31,201,145.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division; and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000,000 greater than any other company.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so that a power of simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1½ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 500 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 6 feet. Size Bale 4½ feet. x2½x2½hs.; wt. Bale 400 to 500 lbs.

I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.
Yours truly,

FRANKLINTON, N. C. April 16th, 1870.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the gain upon which the Utley Press works cheaper, simpler and more durable than any I have met with.
Yours very respectfully,
JAS. S. WILDER

RIVER LAWN, CUMBERLAND Co., N. C., April 22nd, 1870.

THOS. H. BRIGGS, Esq: Dear Sir:—In reply to yours of the 13th asking how I was pleased with the Utley Press I used last season, I would say that it gave entire satisfaction.
Respectfully yours,
CHAS. H. BLOCKER

HILLSBORO', N. C., April 22nd, 1870.

THOS. H BRIGGS, Esq., Raleigh, N. C.: Sir—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.
Respectfully,
E. H. FOGUE.

RALEIGH, N. C. June 18th, 1870.

T. H. BRIGGS, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton, also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds.
Yours truly,
W. T. HOWLE.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Bills!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 6th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests, being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA March 12th, 1862.

The undersigned having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

BENEFIT LIFE INSURANCE COMPANY

OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. No "Options to render policies yo-yo-ordain" as an inducement to new business, but reference is made to the large amount paid on each surrendered policy as shown by New York Insurance Reports, being in addition of having granted larger surrender values, than has been given under a minimum "Cash Surrender Value." Death losses have not occurred, out of several hundred policies in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. Premium Dividends are not declared but Dividends are given from the annual surplus in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantage over ordinary insurances, of the

TONTINE DIVIDEND PLAN:

Ordinary Life Policy Tontine Dividend Plan. Age 38, amount $10,000. 10 years in force. Annual Premium $291 50.	Ordinary Life Policy Mutual plan Cash Co. Age 38, amount $10,000. 10 years in force. POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important assurance. It will be found in the BROOKLYN LIFE.
